FAQ

How many images do we get?

I do not set a number or expectation on this. I don't aim for a certain number, I aim for perfection. I want to give you the very best of everything I photograph. We strive to photograph every detail, capture all the emotions, the storyline of your event and capture a lot of your guests. Every event is very different so our galleries greatly vary. Just know you will get everything you need. It will tell a beautiful story, it will bring you back to the emotions you experienced in that moment and trust in our creative process to provide for you.

How much is the retainer?

Retainers are non refundable and 50% of your selected package fee. The remaining balance is Due before or day of your event. I accept payments via venmo, check, cash if this is easier for you.

Is there a travel Fee?

If your event is over 30 miles away from 03835 a travel fee will be added to your remaining balance. The IRS Business travel rate for 2020 is \$57 cents per mile. This will be outlined in your contract from the beginning.

How long until we get our Photos?

We aim to get a sneak peek of the storyline, and our favorite photos to you within a few weeks. These are available for download and can be used for thank you cards, gifts and you can share them. We know you are super excited. Our deadline to get USB, Box and Album to you is three months. This is a goal, we may have three weddings one month and be running ahead of goals and sometimes we book 8 weddings one month and run behind. The key to everyone's happiness and sanity is communication. I will keep you updated as best as I can, and encourage you to reach out when you need too.

Still Got a question? Don't hesitate to reach out!
