THE PHOTOGRAPHER

My photography has been a big part of my life for so long. I have loved getting to capture love stories of people from their couples shoots to proposals to engagement to the wedding day and beyond.

I believe that you should be able to enjoy your wedding day without worrying about anything else going on including the moments being captured on your big day. I love to get to know my couples so my documentary style approach to their wedding authentically captures everything.
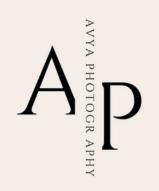

Each client gets a tailored experience for them. This includes a review of the timeline, what is important to each couple, and plenty of being by ya'll's side for every moment ya'll want captured. By booking me, you will have the opportunity to reach out to me for any questions you may have. Additionally, I'll send tips and tricks to help ya'll along the way.

The Booking Process

1. *Consultation Call*: We'll review your vision for the big day. We'll go over all the detail to make sure we capture your dream wedding in your dream way.
2. *Proposal and booking*: Directly after the call, you will be sent a proposal for the price and a contract. Upon signing the contract and receiving the retainer fee, you day is officially booked!
3. *Resources and Guide:* Through the whole process, I'll be sending you guides and tips leading up to the big day.
4. Engagement Session: If an engagement session is part of the package you selected, we'll take some engagement photos at the site of your choosing!
5. Pre-wedding Prep: 2 months before, we'll sort out details through a questionnaire, and in the month before, we'll finalize shot list and timeline.
6. The Big Day!: I can't wait to capture your big day!!
