We capture emotion on film. (Well digitally, anyhow)

You have found each other, fell in love and are moving on to a grand new chapter in your lives. Congratulations! We are happy that you now have each other! Celebrate this special and exciting moment in your lives by preserving it. After all that is the most important reason to hire a wedding photographer. At some point when your special day has passed you will look back at your wedding portraits and will be so comforted and relieved that you took the time to preserve and capture this wonderful moment in your lives. Your wedding album will become a family heirloom that you can share with generations to come. Thank you for giving us the honor to be considered for this special task.

*We are a husband and wife team. Two cameras for the price of one. Together we have joined our skills of style and a photographic eye to create Uniquely Created. As a team we will work with you to develop a plan for what you have in mind then we will begin lightly posturing and capturing your special moments.*

---

*It is important to us to truly capture the love that will be present on your wedding day. From portraits to candid loving moments, we will preserve these unique and special moments for you.*

---

*Aloha* means Love, Peace and Compassion. We try to incorporate the Aloha Spirit into our work because we strive to create an environment where you will feel relaxed and at peace. We know that the love and compassion you have in your life will be portrayed in the portraits that we will create for you. Whether you come to our beautifully landscaped country setting, our studio or we meet on location for your engagement session you will clearly see why you chose us to capture the special moments in your life. We are a family owned and operated business. We are passionate about capturing portraits of you and your loved ones. Our goal as your photographers is to capture and preserve the emotion and love in your life.

So, with sincerity of the heart we ask that you give us the opportunity to create your portraits in a fun and easy going way.

*Aloha*

Everyone is unique and each wedding is special. We try to make our prices reflect the beautiful portraits that you receive while at the same time taking it easy on your budget.
