- 6x6 Prints \$100
- Guest Book \$100
- Green Screen \$100
- Beauty Filter \$25
- VIP Red Carpet \$100

FAQs

What is an open-air photo booth?

An open-air photo booth is a photo booth that requires no enclosure. It is open on all sides, allowing all your guests to jump and move around. Five to six people can fit comfortably in the frame of the booth, but we've had 8-10 at one time. Everyone can get in on the action; the sky is the limit!

What is required to book?

To secure our booth, a 50% deposit is due upon booking. The other 50% is due no later than 14 days before the date of your event.

What do I need to provide?

Please arrange for an appropriate space for the photo booth at your venue. A space of at least 6 ft x 9 ft is required. Our backdrops are 8ft by 8ft, so the more space, the better, as we like to set up additional lighting equipment and have an area for prop set up. We will also need the WIFI password to your venue to ensure proper internet connection.

How quickly do guests receive the photos?

Our social booth sends photos via email or text. Guests typically receive their photos on their devices immediately, but on occasion may take up to 24 hours. Our photo booth prints instantly, usually within 15 seconds. We use dye sublimation printers of the highest quality.

How does the photobooth work?

Enter the booth, grab some props, smile and our photo booth attendant will hit the start button. Photos will be displayed on the monitor when completed, and then their photos can be sent to their device or printed and given to your guests.

Is a photobooth attendant required?

Yes, a friendly onsite photo booth attendant will be there to ensure everything runs smoothly from start to finish. They will arrive up to an hour early for delivery and set up. They will greet guests, center them in the photo, push the start button and hand them their final photos.
