About Us

Hardwick Crossing Country Club was established in 2022 after the facility was purchased by a new owner, Kenneth Uracius. It has been completely renovated and revamped with specific amenities to accommodate weddings and events! As a wedding venue, we pride ourselves in our ability to exceed all our client's needs and provide help every step of the way. From the moment you choose our unique countryside industrial space to the end of your reception, your satisfaction is our priority. All wedding packages include access to an event coordinator, preferred vendor lists, a full bar, and two completely private rooms for the Bride and Groom. Our menu packages are specially crafted to give you the ability to customize them to your preference.

The banquet hall consists of beautifully renovated space, with accents of modern lights and a unique coffered ceiling. With an abundance of glass and southern facing windows, it's sure to impress no matter the time of year. The sprawling wrap around deck allows you and your guests the opportunity to enjoy the fresh air while still feeling as though they are included in your event. It can accommodate a maximum of 150 guests and is entirely separate from the restaurant portion of the Country Club, including private facilities for use only by your guests. The beautiful course grounds are available to respectfully admire if anyone wishes to step away for a breather. Please note that to preserve the beauty of the grounds, our parking lot consists of stone rather than pavement.
