

THE WEDDING FILM

Everything you dreamed of. A full-service wedding highlight with full day coverage. The video will be like a creative, romantic highlight reel of the entire day. Drone, audio of vows, speeches, etc.

\$3,000 ☐

CEREMONY, DANCES & SPEECHES

This will be a full-length edit of the entire ceremony, all the speeches & first dances. If you don't choose this, I will still pull out the best parts for the highlight video.

\$200 ☐

TEASER VID

Usually designed for something to fit on social media to share with friends before the feature length film comes out. It's also another great memory to keep.

\$200 ☐

1TB HARD DRIVE FOR RAW DATA

Every wedding typically takes 120-200 GB of video data, and not all of it gets used in the film. I put it all on a 1TB hard drive and ship it to you.

\$115 ☐

SECOND SHOOTER

If budget permits, this is the best way to cover your wedding and to ensure a cinematic re-telling of the entire day
