How Much Are Flowers For A Wedding?

Many wedding and party vendors are hesitant to share pricing with their customers. We at Tiger Lily Floral want you to be comfortable with your purchase, and with letting us provide the flowers for your most important day.

Below is a list of general wedding prices for typical items needed for an entire wedding, broken down into three different categories.

- The “Classic” pricing is for inexpensive flowers such as carnations, daisies, and alstromerias with minimal trimmings.
- The “Grand” pricing is for the traditional wedding flowers such as roses, gerberas and sunflowers with a little extra trimmings.
- The “Luxury” pricing is for high-end flowers such as calla lilies, garden roses, peonies and orchids. Trimmed out to the fullest with crystals, pearls, feathers, and other items to create your vision.
