

Thank you for considering Bridal Wilde, and congratulations on your upcoming wedding! As far as the services/packages I offer, I have three. There is the full planning package, the partial planning package, or the wedding coordination package.

The full planning package includes finding and securing your venue, all of the vendors needed for your wedding and reception, and the full day of wedding coordination (listed below) for your wedding and reception. I only recommend vendors that I have either worked with or researched and interviewed to ensure that you are working with high quality and reliable businesses. I assist with the selection of decor, dresses and tuxedos/suits (if desired), invitations, flowers, catering, cake/desserts, bartenders, DJ/band, professional hair and makeup, photographers, videographers, officiant, photo booth, wedding design, rehearsal dinner, seating charts, etc... This package is designed for the couple who desire to have someone else do all of the planning and research to bring their wedding vision to life. This package is priced at \$5,000.

The partial planning package is for the couple that have already chosen and secured their venue and includes me finding and securing the rest of your vendors (listed above) for your wedding and reception, as well as the full day of wedding coordination (listed below) for your wedding day. This package is priced at \$2,500.

The wedding coordination package is more than your typical "day of" wedding coordination. I collect all of your contracts and go through them thoroughly to make sure that everything is covered and in place. I contact and coordinate all of your vendors, and I send you a very detailed 15 page questionnaire that goes through everything on your wedding day from the moment you wake up all the way through to the clean up after the reception. I use all of that information to create a very detailed timeline that is shared with you, your venue, and all of the vendors. I run a really tight ship and I make sure that everything you have outlined is followed precisely, and everything stays right on schedule. As part of the package I run your rehearsal along with your officiant to make sure that the timing on everything is perfect. I offer unlimited contact with all of my couples so you can contact me whenever you need or want to. This package is priced at \$1,000.

I offer a free, no obligation consultation to allow us to interview each other to see if we would make a great team as it is vitally important for you to be able to trust your planner/coordinator completely to follow through with your vision. I also assist with the setup and takedown of your decor, and it is my goal to get you 100% of your deposit back. I am a licensed and insured business in the state of Washington so I meet the criteria that most venues have. But most importantly, I strive to make sure that every couple feels like a VIP guest on their wedding day!

Thank you so much for reaching out to Bridal Wilde and considering me to partner in creating the wedding that you both envision! Be sure to inquire about any specials or discounts being offered at this time. Please let me know if you would like to set up a phone call or video chat.
