LIVE MUSIC RECOMMENDATIONS

GUEST ARRIVAL – really wow your family & friends as they gather in preparation for your wedding ceremony to begin. This helps them feel comfortable & happy at an even where some people may never have met before. Also, this is a great distraction should there be any delays in starting the ceremony.

PROCESSIONAL – set a romantic tone for the ceremony. Live music makes for quite a grand entrance when you and your wedding party walk down the aisle to anything from Ave Maria to A Thousand Years to Dream A Little Dream or whatever your favorite love song may be!

RECESSIONAL – celebrate your union with one of your favorite LIVELY love songs!

COCKTAIL HOUR – this is the key time to entertain your guests when, most often, the newlyweds, wedding party & immediate family are whisked away to take photos. This way everyone really gets to enjoy some beautiful background music as they mix & mingle talking about you and your beautiful ceremony! An absolute must for a memorable reception!

GRAND ENTRANCE & FIRST DANCE – create a uniquely memorable & magic moment!

DINNER – Almost always guests are disappointed when it's time for me to leave so why not keep the music going through dinner? Let me serenade your guests with beautiful love songs that bring back a sense of nostalgia for all! I am happy to make any announcements until it is time for toasts and I can provide an extra handheld mic for toasts too (I do not use wireless microphones).
