Intimate Wedding Packages

Photography, Videography and Officiant All-inclusive

Say 'I do' to our Intimate Wedding Packages! Perfect for intimate weddings with less than 50 guests, our package covers photo, video, and officiant services. Starting at \$1,500 for the first 3 hours, with an additional \$400 per hour up to 6 hours, clients will receive all AI-corrected photos (usually over 200 per hour) and 50 edited photos per hour. The video will be 1 minute for every hour booked. For example, a 4-hour booking will cost \$1,900 and include 800+ photos delivered within 24 hours, 200 edited photos within 4 weeks, and a 4-minute highlight video within 8 weeks. Clients can also receive discounts on albums. If clients require more products or a longer booking, we recommend our Signature package. However, we're always happy to discuss details with clients.

I am Fancy

What is an Elopement??

An elopement is a small wedding with the aim of being intimate, intentional & personal, focusing more on the couple's experience over guest experience. While most commonly held with no guests & only the couple, the definition of an elopement is changing!

Our elopement packages are available to folks having events with a maximum of 10 guests.

How It Works

Unapologetically
you.

It's simple. Your wedding day is about you and your partner joining your lives together. So, let's keep the focus on you. And! Craft a day that is without a doubt completely and utterly "you".

*It's all about
deep connection.*

Any way you think about it, it's about connection. Elopements are about the connection between you and your future spouse. Adventure is about your connection with nature. And photography is about your connection with your memories.

Let's have
some fun
along the way!

I believe that we take a lot things in life too seriously. And your wedding day should not be one of those things. So let's keep it beautifully simple and stress-free so you can have some fun and enjoy the day that your forever adventure together begins.
