# TYPES OF GOLD

## *Types of Gold Jewellery*

### SOLID GOLD

- Highest cost, but best quality
- Good for all skin types
- Great for everyday wear

### GOLD FILLED

- Affordable and great quality
- 5% or 1/20 solid gold pressure bonded to high quality jeweller's brass
- Won't tarnish, good for everyday wear
- Good for all skin types

### GOLD VERMEIL

- Affordable and good quality
- 0.5-1% gold plated to sterling silver
- May tarnish in areas with high contact, but good for everyday wear
- Good for all skin types

### GOLD PLATED

- Lowest cost
- 0.05-0.5% gold plated to a base which can be brass, copper or nickel
- Will tarnish easily
- May irritate sensitive skin
