The Tasting

As a cake lover myself, I could NOT wait for my tasting! So we hope to make it a fun, informative, and YUMMY experience. Since we cannot bake just one cupcake of a particular flavor, I hope you understand that we limit our tastings to the flavors below. BUT! If you can catch our cupcake truck around town, you'll be able to taste quite a variety of cupcakes, fillings, and frostings. And if you like what you taste, you can rest assured that any of the flavors you choose, from the full menu, will be just as delicious
