When you book your wedding (or event) with us, we'll send our event contract. There will be two copies, one already signed by us for our records, the other to be signed by you (the client.) This can either be done via email or we can use the USPS and, if this option is used, we'll include a self-addressed-stamped envelope that should be used to return the signed copy of the contract. Along with the contract, we require \$500 deposit to hold the date.

The full remaining balance of the selected package total is due no later than 30 days prior to the wedding or event date.
