Policy

We love having the privilege of being apart of you big day and know the time and dedication it takes to make each bride happy. In order for us to reserve the time you need we require a deposit of 50% of the base menu service price. Every bride is different which is why the final price is not available until we have been able to give you an in-person consultation

We will never quote you a final price over the phone. The only reason the price would vary is due to style type, hair thickness, time needed, hair pieces added, etc.

Due to us being one of the top wedding destinations in the country we require at least 45 days cancellation notice prior to appointment for a full refund of your deposit.
