

# Gateau Bakery Café & Tea Room

## Pricing Information 2022

Thank you for inquiring about a wedding cake from Gateau. All of our cakes, fillings and frostings are made from scratch, with real butter (no shortening or margarine), soy free, no artificial dyes, unbleached and unbromated flour, aluminum free leaveners, soy-free, with non-GMO and organic ingredients.

Custom cake pricing starts at \$8.50 per serving with a \$300 minimum, final pricing depends on the size of the cake and on the intricacy of the design. If you have an idea of the design you are interested in, as well as the number of servings needed, I can provide you with a cost estimate.

Another option is our non-custom cake designs, Simply Sweet, for those that would like a more streamlined ordering process, with the same great cake, and that is more cost effective than a custom cake design.

Here is the link to view our current Simply Sweet designs, sizes and pricing:

<https://www.gateaubakery.com/simply-sweet-non-custom-cakes>

We do not supply fresh flowers, we place them on the cake for you at delivery as supplied by your florist, so they match your centerpieces and your bouquet. If you have a cake topper, we also place that on the cake for you at delivery, if it is available at the cake table when we arrive. You can request a specific flower arrangement, or I determine an arrangement based on the number and type of flowers available when I arrive.

One cake flavor for the entire cake is standard for non-custom cake designs, however different flavors for each tier are available at \$20 per additional flavor.

Different cake flavors for each cake tier are included in the cost of custom cake designs, if desired.

For example, a 3 tier cake serves 74, and a 4 tier cake serves 130, the balance of servings needed can be provided with bakery/sheet cake. We recommend 1 cake serving per guest.

Bakery/sheet cake is a 4" tall tier with 4 layers of cake and 3 filled layers, and has the same construction as the tiers on the stacked cake, but is given to the caterer for storage until service time, and is not displayed with the wedding cake. Bakery cake is available as needed to supplement a tiered cake at \$4.25 per serving, with a simple buttercream finish, and is undecorated. The number of sheet cake servings needed can be adjusted up to 3 weeks before the wedding so you do not have to worry that you ordered too much or too little cake at the time of booking.

Cake tastings and consultations are scheduled directly on our website, and the process is described here:

<https://www.gateaubakery.com/tasting-appointments>

Consultations are not required, we also offer pick up tasting boxes, with 3 cake flavor samples each for 2 tasters, \$16 per box. Multiple boxes can be ordered. Use the same link as for consultations to book your pick-up tasting box.

Delivery area is limited and rates vary with distance, \$50 minimum. Please email us to confirm rates and service area.

Deposit to book a date is 25% of the total estimated cake cost, and the balance is due 18 days prior to the wedding. You do not need to select a cake flavor at the time of booking. You can make changes to your cake design or flavors up to one month before the wedding, your paid deposit would be applied to the updated balance amount.

Once the details are determined, I email you a formal estimate to review, and when approved I email you an invoice for the deposit amount, with a link for secure online payment.

I also send out a confirmation email about 3 weeks prior to the wedding.

Thanks again for your interest and I look forward to hearing from you,

Lora
