WEDDINGS

WELCOME

Unforgettable celebrations begin in the imagination: a warm vision of familiar faces gathered to witness one of life's biggest milestones. At Hutton Brickyards, we bring that vision into focus. The contours sharpen with industrial-chic, architectural majesty. The colors soften with painterly sunsets over the Hudson River. The scent of wildflower, warmth of a fireplace and gentle rhythms of breeze envelop guests in a shared moment. Our greatest skill is transforming a couple's vision into a sensational reality, rendering an indelible experience for all—true to your vision.

Exquisite accommodations and impeccable service support wedding parties of every size, from the intimate to the epic. We invite you to explore this singular venue where memory lingers, and the only limit is your imagination.

Hutton Brickyards is more than a venue: It's an immersive retreat for every step of a wedding weekend. We feature 31 guest cabins and suites, thoughtfully designed to optimize privacy and water views. The cabins cut a striking profile against the landscape— with a design direction that is textural and rich, borrowing inspiration from the Shaker aesthetic.

The sprawling campus features whimsical invitations to fun: an archery range, croquet lawn, firepits and bicycles. Opportunities for hikes, guided kayak experiences, paddle-boarding, running, outdoor yoga, snow shoeing, cross country skiing, beekeeping and more abound in the neighboring wilderness and water. The effect is a retreat detached from everyday stresses, which invites guests to experience a genuine sense of place.

40,000 SQUARE FEET
OF EVENT SPACE

Hutton Brickyards' covered pavilions and event spaces are vestiges of the site's deep industrial legacy. Bricks from this land played a central role in building the greatest city on earth, supplying the hundreds of millions of bricks that built architectural icons like the Empire State Building and Yankee Stadium.

Three historic covered pavilions feature soaring truss ceilings, poured concrete floors, and modern event production infrastructure that includes Wi-Fi access and dedicated electrical service. Their prime waterfront location takes full advantage of the Hudson's sunrises and sunsets. In addition to these outdoor options, indoor Hutton Hall offers an enclosed area for gatherings of every kind. The effect is a multidimensional venue where the best of indoor and outdoor set-ups work in concert.

Hutton Brickyards serves as venue and beverage provider for weddings at the hotel. We've collaborated with countless excellent event planners—and maintain a list of preferred vendors to ensure that each aspect of your wedding is handled by talented professionals who are familiar with our spaces. We are always open to working alongside new vendors, if you have someone in mind who is not on our list!
