## DJ DAVIS MALLORY

---

Known from MTV's *The Real World* + *The Challenge* fame, DAVIS Mallory trained to DJ at Dubspot School of Electronic Music in New York City.

# DAVIS DOES YOUR WEDDING

The following wedding packages and services can be customized to meet your venue's needs. If your venue provides an in-house speaker system or if you require multiple location setups or certain lighting design, inquire for custom pricing. If you can dream it, I can help create it!

With over 10 years experience DJing Weddings, DJ Davis will have every moment of your wedding Soundtrack covered!

I provide my clients with a document I've created called *The Soundtrack to Your Wedding*, creating with them the timeline and choices for every song on their special day.

A fun and creative way I have seen clients create their Must Play Song List is to ask your guests to include a song in their RSVP!

I never shy away from requests as it can be a great way to get people dancing!

Mixing skills is an important factor of being a great DJ. My music taste is a blend of Top 40 Pop, Dance, Country, Disco, Latin, & Hip-Hop and I love to mix genres and eras to please all age ranges. I also have experience with Korean, Indian + more types of music!
