

Service and Pricing Guide

As a client you are unique! So is your event. We pride ourselves in **one-on-one consultations**, and desire to capture the essence of your vision by asking questions, listening intently, and designing accordingly. **Our services are therefore custom tailored to your specific event**, and never packaged. =)

However, because we know it helps to have a **rough place to start**, here are some general notes and tid-bits about some of the designs offered. **During our consultation we will chat** about how we can best capture your floral vision, **and meet your budget needs**. =) The costs listed below should be looked at as **minimums**, but are dependent upon the many things discussed during the consultation. =) **Use this as a rough guideline before your consultation.**

Designs offered (not an exhaustive list!):

Bridal bouquet - \$150+

Bridal Party bouquet - \$100+

Boutonniere (lapel [*magnet or pin*] and **Pocket Square**) - \$15+ (really varies, based on attachment style)

Corsage (lapel or wrist) - \$30+ (shoulder corsage also available at \$50+)

Words to the Wise:

- The more pieces you request, the more ability there is to have a wider variety of florals throughout your designs at a lower price point. The fewer pieces you request, the less ability to have variety, unless your budget is higher.
- Roses and some tropical flowers are specialty, and will increase your design price.
- If you don't see an example of something you want, **just ask!** We value honesty, and will let you know what is within our design scope =)
- **Delivery is required** in most situations, in order to ensure that your floral design stays safe and properly cared for until you are ready for it! There is a delivery charge if your venue exceeds a 15 mile radius.
- There is a \$25 cost for the Initial Consultation that will be taken off your final invoice, should you choose to book. We will work hard on putting together a client-specific proposal for you!
- 10% of your invoice cost will go to an associated non-profit that we support!

How should I prepare for my Initial Consultation?

- **Know** the date and time of your event
- **Know** your venue(s)
- **Know** your colors and any themes you want to incorporate
- If your event is a wedding, have a good idea of how many your wedding party will consist of
- Have a good idea of the size of your event/maximum number of guests expected, *especially if you will want centerpieces*
- Be prepared to show or share any design inspiration that you have (Pinterest boards, saved photos, etc.) **Glory Floral Designs will definitely assist with design, but researching your desired design style beforehand will help you to know what you don't like and what you do. We would love to collaborate our professionalism and experience with your vision =)**

How long with the Initial Consult take?

- 45 min - 1 hour... but really however long we need to chat about your floral dreams!

What will happen after the Initial Consult?

- Depending upon how far in the future your event is, there are different avenues of service. These will be discussed with you at the consult!
