COMMONLY ASKED QUESTIONS AND ANSWERS

Please either build your own custom entertainment package from our pricing list or choose from one of our packages above. We have a 3 hour minimum entertainment time for weddings. Packages including a Specific DJ can request their DJ at the time of contract signing while packages with an Assigned DJ are assigned their DJ 2 months prior to their wedding date. In either situation the best available DJ from our team will perform. Arrival time is 2 hours before start time. DJ performance, MC announcements, sound tech, custom music requests, itinerary planning document, setup / breakdown time and all taxes and fees are included. Mileage, entertainment time or equipment can be added to any of the packages above or substituted for items of equal value but nothing can be removed for any additional discount. We accept Zelle, Venmo, PayPal, credit card and check. 25% deposit due with contract. Plated or buffet meal required at dinner. Thank you!
