

The Chair Factory

Weddings

Thank you for your interest in our Venue for your special day! We have made several exciting upgrades to start off the 2021 season to enrich our property and the experiences of our couples. Even with these changes, we have remained well below the market pricing for our packages to offer a high-quality venue at a very reasonable rate. Our packages are based on 100 guests, but the Venue can accommodate up to 350 guests. Our packages are designed to provide everything you need for a wedding and they are customizable to fit many budgets. When you come for a tour we can further discuss the options to consider for your wedding day.

If you are planning to have a bar at your reception the only out of pocket cost to do so will be all the alcohol/beer & any garnishes that you purchase and bring to the venue. We have a licensed bartender that we provide. Additional bartenders are \$100 each. You are also required to have a local police officer at your expense on property during your event (\$250). Included in our packages is the insurance and liability policy which we will review along with the details of the bar features when we meet for your tour

Throughout the year we host private meetings for all our couples who have booked our Venue with a signed contract. We call them Vendor Meetings. You will receive an invitation to the meetings and are welcome to bring a few guests with you to speak with the great people who are here to serve you and your guests on your wedding day. Tastings of baked goods, dinner choices, appetizer options, samples of décor for the reception and ceremony spaces will be displayed. You will also have the chance to meet and select your wedding coordinator. We believe the value of our Coordinators is priceless!! She too will be working with you to help ease the planning process. Additional vendors who are available outside of our package prices will also be here for you to meet and connect with such as invitation designers, off-site accommodations, and hair and make-up artists. Some fun additions to your wedding day may be provided by Wit's End Llama Consortium or you might want to have custom wedding day invitations made by Tin Lizzy Design Co.

Because The Chair Factory hosts these meetings, the planning process is simplified for you and is just one of the many ways we take care of our couples. Along with publishing our package pricing, we believe that our Vendor Meetings set us apart from any other venue. Using the website link below, you can watch a video that will help to see what a wedding at The Chair Factory would look like.
