## ABOUT

I want to send you my warm greetings and congratulations on this important moment in your life! Enjoy every second of it! Hopefully, let me be there with you, filming the smiles, the kisses, the hugs, the tears, the flowers and every beautiful detail in order to make it last forever in a cinematic masterpiece.

I am Rolando, the owner and founder of Southwest Florida Films, a wedding videography & photography company located in the sunshine state. I have been in the videography & photography business for almost a decade and the wedding industry for over five years filming love in Tropical Costa Rica and now in Florida.

I believe that every wedding deserves to be captured and preserved as a unique and memorable story. My purpose is to find the uniqueness, the joy and the emotions in each and every couple's love story. I also believe that the wedding day is supposed to be joyful!

With love,

*Rolando López Rodríguez*
