FREQUENT QUESTIONS AND ANSWERS, GETTING DOWN TO THE NITTY GRITTY.

What type of wedding photographer are you?

Well let me start by telling you the type I'm not. If you're looking for someone who's really "in your face", and asks you and your guests to get all in different uncomfortable, cheesy poses, I'm probably not for you.

My style is a mix of Journalistic and fun relaxed portraiture. I look to highlight the laughter, and emotions that you and your friends and family will be feeling without my heavy involvement and always thinking about capturing the story of your day.

What is your approach to formal bride and groom portraits?

For the Bride and Groom photos, while I will give you guidance and fun tricks for posing to help flatter your best features and help you relax in front of the camera during formals and portrait sessions. The rest of the time I prefer to tell the story of your day as awesome as it unfolds, and no less.

When would we get the engagement photos?

I usually recommend to schedule your engagement photos 6 weeks before you plan to send out the saved the dates, this way it gives us plenty of time to do the session, process the images and order the save the date cards. Engagement photos are delivered in a custom website with an online gallery 3 weeks after the session.

How many images do we receive from our wedding?

It's all about telling the story of your day. For most weddings is between 50-75 photographs per hour.

When will I receive my wedding images?

4 weeks after your wedding day you will get access to the full gallery of final wedding photographs.
