## WEDDING CONTENT CREATION PACKAGES

# ABOUT MK MEDIA MGT

I'm stoked you found me. With a degree in Business Economics and a fierce love of outdoor sports, I founded MK Media Management to help outdoor brands keep doing what they love... being outdoors. MK Media Management has grown into the wedding industry because it combines 2 of my greatest passions, Content Creation & Weddings! I'm here to merge my 2 greatest loves, to give you the greatest content from your big day!

# WHY CONTENT CREATION?

---

Let me bullet point it out for you.

1. Capturing raw, candid, Iphone footage of your wedding day, delivered within 24 hours!!
2. Live Story Takeover, managing your social media while you're busy...getting MARRIED!
3. Editing and creating trending Tik Toks and Reels of your choice!

4. The bonus of an extra media team member on your big day! We don't replace photographers and videographers, but instead work cohesively with them!
5. You won't have to give your bridal party a task that well...they may forget to do!
6. You are lucky enough to have my high energy, excitement, and extra set of hands within your media team!
