# Groom's Cakes

We couldn't have asked for a better bakery to create our wedding cake! From the moment I first contacted them, they were always very responsive and helpful. . . Not only was our wedding cake the most delicious cake I've ever had in my life, it was a work of art . . . The groom's cake did not disappoint, I have no idea how someone can make something like that out of sugar but all I can say is that it was a work of art. Thank you Crème de la Cocoa!
