*All wedding packages listed include up to 4 hours of show/production time for the reception. Wedding Packages priced here are based on ceremony & reception locations within a 40 mile radius of Lake Dallas, TX. If your venue is farther out, the band is happy to travel up to 50 miles to be a part of your wedding. For show locations more than 40 miles from Dallas TX, only the travel cost and hotel cost are added to the package amount. Wedding Packages are also based on shows for 200 guests or less. If your guest list is larger than 200 guests, in most cases we'll provide just a few additional lights, a small amount of sound equipment and minimal extra travel costs for that equipment if needed. The Redwine Band booking agent and event coordinator is available to couples by phone and email every day of the week during your engagement for answers and continued communication, to discuss ideas, timeline changes or anything else you may need!
