

Wedding Services

What people are saying...

“From start to finish, working with them was a seamless, professional & ridiculously fun experience”

-Elizabeth, - Client

“Professional from the initial planning, to the ceremony, to the end of the party!”

-Luis & Angela, - Client

“They thought of every single detail in advance to ensure that our wedding would flow beautifully.”

-Oriel, Client

Simple is Elegant

Music is the driving force of every wedding, however, the DJ should not be the focal point. We believe equipment should be discrete and minimal to fit any space. Your wedding is about you and the DJ should not take up unnecessary space away from the dance floor and guests.

Pro Sound

We understand the difference between a concert, night club and weddings. As a result we will provide the appropriate size pro audio equipment needed for your venue.

Up Lighting

Lighting goes a long way. Uplighting can dress up any room and help tie in your accent colors. Our battery operated, wireless LED's can create a range of colors. They are not only discrete but can be placed anywhere within the room.

Monograms

Sometimes you want that extra touch and we do our best to provide that with custom monograms. A monogram can be displayed against a wall or right onto your dance floor.

A man in a dark suit and a woman in a light-colored dress are standing in a modern room. The man is pointing towards a white photo booth camera on a stand. They are positioned in front of a large, textured, orange-brown wall that looks like peeling paint or a mural. To the left, there is a large window with a view of green trees outside. The floor is light-colored wood.

Photo Booth

Say hello to our newest service. Add this to your existing DJ Package or hire us as a stand alone service. Fully self operational, customizable screen and live gallery options.

D.O.C

The Day of Coordinator job is often overlooked as an “Extra Cost” that can be cut from the budget, however, that can be the furthest from the truth. Having an experienced professional run your timeline is crucial for a successful event. Not only do they help manage your vendors but they ensure that all the key points of your day happen. We team up with **Beyond the Event** to offer Coordinator services. This service is available a la carte and also with our Diamond Service.

A background image of a wedding scene. A bride in a white dress and a groom in a maroon suit are walking down a path outdoors, holding hands. They are surrounded by guests, including an older woman in the foreground and a man in a suit in the background. The setting is lush with greenery and white flowers.

The background image is a composite of two wedding scenes. The left side shows a man in a dark suit dancing with a woman in a white wedding dress. The right side shows a woman in a white wedding dress smiling and dancing. The venue is rustic with exposed wooden beams, string lights, and chandeliers.
