Testimonials

Our clients are at the center of everything we do. Our goal is to listen, learn, and deliver the best product possible.

Here's what they're saying...

Monica is not only one of the nicest people I have met but also an OUTSTANDING photographer! We stumbled upon her through the knot because we wanted a local photographer to take engagement photos for us while on vacation in the keys and now she will forever be apart of our journey to capture these moments. Monica always makes you feel special and goes out of her way for her couples as we can attest to this. We can't thank her enough!!

Nicole A.

"Monica is both an incredible photographer and an amazing person to work with! She recently took photos of my family and I'll Morada Florida. She has a way of making you feel both relaxed in front of the camera and that you look like 1 million bucks. I guarantee if you hire her for your special event she'll make you feel dazzling in your photos! Monica is easy to work with and fast at responding. She took the time to listen to my vision for our family photos and delivered! She let you have fun behind the camera but if you have no direction she will happily guide you in to the perfect photos."
