Engagements

WHAT THEY ARE AND

WHY THEY'RE GREAT

It is my strong belief that there is a "warming up" period when taking photos of couples.

Engagement shoots are a wonderful opportunity to go on an adventure, get some great pictures, and really meet each other. All this guarantees even better images on your wedding day.

We show up to your wedding as friends, rather than strangers. You have confidence in us, and we know how to work with you on a far, far more personal level.

Second Photographer

WHY MIGHT YOU NEED

A SECOND PHOTOGRAPHER

If your day happens to be long, spaced out over great distances, or has a large attendance, consider a second shooter.

The advantages of having a second shooter include, but are not limited to:

Photographer being in two places at once

Image diversity

Larger quantity of delivered pictures

Consultation

MEETING IN PERSON, PLANNING,

AND TIMELINE CONSULTATION

I am always happy to help in any way I possibly can. I'm often available to meet in person anywhere near the NYC area. If an in-person meeting is not possible, both a video chat, or phone call is also possible.

I can also be put in touch with your coordinator or planner.
