

- **Day of Service Includes:**

Any and all advice, ideas, suggestions, vendor recommendations, and direction you need from the day you hire us, leading up to the wedding. We become your go to person. You make all final decisions and arrangements with the vendors, we execute your ideas and vision the Day of.

About a month out we send you some questions, that help me develop a timeline for the day.

We finalize and provide that to you and the other vendors two weeks out.

At this point I make sure I know what your vision is and what you are expecting, and what will need to be done the day of. I also check with all vendors on delivery/ arrival times.

The day prior, I direct the rehearsal for the hour. Making sure everyone knows where to go, what to do, and how everything will flow for the ceremony.

The day of, we arrive at your time selected and handle any setup of the decor for ceremony and reception that needs to happen. We greet and direct all vendors. Then when it's time for you to arrive, We take care of anything that comes up or needs to happen with you and for you.

The list goes on and there is no limit to what we do. Whatever it takes to make your event flow smoothly. We are on hand for 8 hours the day of, and if time permits, we clean all areas used at the venue at the end of your rental times. If your event goes past the 8 hours, time can be added, or cleanup can be handled by someone other than us. That part is up to you.
