Prices and Package subject to change without notice. You are locked into the prices when you booked.

### **How to Prepare for your Makeup Application:**

- Come to your appointment with clean, moisturized skin
- You can exfoliate your face to remove any dead, loose skin to give a smoother base for your makeup.
- Exfoliate your lips by brushing them with your toothbrush when brushing your teeth.
- Try out anything new months in advance- spray tan, waxing, skin care products.
  - I do not recommend changing your cleansers or lotions close to your wedding or event.
- Allow at least 45 minutes for the bride, 20-40 minutes for each attendance (bridesmaids, moms, etc), 15-20 minutes for junior bridesmaids, and about 5 minutes for flower girls
