"I would not say my husband and I are the biggest lovers of taking photographs, but somehow Jo & Alli not only made us feel comfortable but made us look like naturals!!

The photos captured echoed our personalities and love for each other, our friends and family members. Their personalities and love for their work made any awkward or tense moments easily slip by!

They made planning the wedding and prepping for the photos across the country during a pandemic so easy and simple. I would encourage and recommend any bride getting married near Phoenix, to book with Jo and Alli! You won't regret it!"

"10/10 will be hiring them AGAIN for any future photography needs!

We had the absolute best experience with Jo and Alli throughout the entirety of our engagement and wedding day. They were very easy to communicate with, so friendly, and very professional! Our engagement shoot was so magical (highly recc. desert botanical garden) and our wedding day photos exceeded our dreams!

We got our photos back SO quickly and they went above and beyond in so many ways. We love their editing style and that no pose was off limits! Thank you both for capturing the best day of our life! "

FREQUENTLY ASKED QUESTIONS

Q: We'd love to move forward! What do we do from here?

We need to know which package you'd like and if you want any add-ons (prints, album, etc.). We will put the contract together and send both the contract and the invoice for the retainer over. Both needs to be completed within 14 days of it being sent over. Once those two are completed, we schedule the engagement session!

Q: Is it always the two of you together, or do you shoot separately?

For couples, we always shoot together. Not only do we feel like we serve our couples better this way, but it also always helps us improve on our teamwork/sync our workflow more seamlessly. (If we shoot separately, it's usually for styled shoots or family minis over the holidays)

Q: How much do we put down as the retainer?

25% of your total package

Q: Does the prices above include sales tax? If not, how much is it?

No, it does not and it's 7.8%

Q: How long after the session will we receive our gallery?

Engagements / portraits is 2-3 weeks and weddings are 6-8 weeks.

Q: How do we obtain the photos?

Once the gallery is complete, we will send over the link to their gallery. From there, you can download and print your photos!
