# Perfect and Magical in Every Way

We were looking for a location unrivaled in its beauty, ambience, history, and service. Primarily we told ourselves that it likely did not exist so there were going to be some compromises when it came to what we wanted on our wedding day. That was until, of course, we visited Roche Harbor Resort. We knew immediately that it was our place.

The islands are incredible. The beauty has no end, the community is warm and welcoming, the history runs as deep as the waters surrounding the archipelago. And Roche Harbor: soaked in charm, frozen in time yet offering everything that our modern lives request and require. With that, we started to over think about the logistics, asking ourselves questions like “how are we going to make it easy to get our guests here? What about booking enough rooms during the resort’s busiest time of the year? How will we keep everyone entertained? What about getting vendors here?” The list went on...

The sales team answered every question we had. Not only that, they helped with every detail that we had not even considered or thought of before. We had a meeting with the Chef and banquet manger as well. Every detail was thought of and ironed out before. Now... to those details:

It was August 2019. We wanted our day to extend into a weekend. We hosted our guests on Friday night to a welcome party with food and drinks on Shipwreck Beach next to an open fire. It was fabulous and a perfect way to start the weekend. Our guests immediately felt relaxed after taking the ferry, seaplane, Vitoria Clipper, or their very own boat to Roche. A great way to relax before Saturday; our big day.

Everything went flawlessly. The weather was incredible, the abundant floral arrangements by Leah of Bloom San Juan were perfect in every way, the service was impeccable. Our ceremony in the Sunken Garden was pure magic. It was the perfect spot to exchange vows. Words cannot describe so I’m hoping you can believe me when I saw it was the most incredible memory of our lives. Moving on to the reception in the Courtyard and Pavilion, our guests still talk about how amazing the food was. Not kidding. Every detail was meticulously executed to perfection, and I have zero regrets with having our wedding at Roche Harbor Resort. I could go on and on about our day. Altogether, during the best moments of our lives, it felt like time stood still.

Just writing this brings me back to that incredible moment where I married the love of my life. It was truly the best place to start our new journey, surrounded with beauty, endless possibility, and so much love. We return often to relive the moments and I wish the same experience for anyone considering Roche Harbor Resort as their special place for their wedding day.

The team at Roche Harbor is unmatched - they made our wedding a breeze to plan, a truly incredible feat for the logistics and details that it entails. Everything was thought of and planned to a T, so my husband and I were able to feel like guests at our own wedding. They communicated quickly and met every single question with patience and kindness, and partnered seamlessly with all of our vendors for a smooth experience overall. Roche is a stunning, classically Pacific Northwest venue that we were proud to host our wedding guests at, and the team took it above and beyond with professionalism. They're the best in the biz :) \*A helpful tip we learned: Roche is a small resort and a wedding room block will fill up quickly, so be aware of that and have backup options to provide your guests with so everyone can be accommodated for.

A smooth and professional operation with an amazing staff and location. Everyone here is a dedicated employee who cares about guest experience and making sure things run smoothly. We had proper communication and organizational meetings and left feeling in good hands. On the day of our rehearsal and wedding, everything went smoothly and any issues or concerns we had were directly ironed out. We cannot recommend the team here enough; the fact it looks like heaven on earth doesn't hurt either.
