Frequently Asked Questions and Pricing

So you just got engaged and you're getting married!!! Congratulations!!! You have a million questions and you don't really know where to even begin. So you start looking up venues, checking out websites, and you start making phone calls to get all your questions answered. We thought we would make it a little easier and answer some of those questions here.

Most Common Question is: How much will it cost? That's the burning question every couple wants to know. Your final investment really depends on several factors. The first and most important factor being the size of your guest list. The more people you add, the more the investment goes up. The other factors are how much help you need and how over the top you want your dream wedding to be. The Loft & Terrace Starts at \$999 and The Wedding Garden starts at \$1999. Our Weddings typically range from \$3000 - \$8000 in The Loft and they typically range from \$7000 - \$12000 in The Garden.

What does that price range from the previous question include? Every wedding is a custom wedding, meaning we help you design it to be whatever you want it to be, all while staying within a budget YOU set. We help guide you through the process with budgeting tips, a wedding planning check list and tips for trimming your guest list if you need them.

The range price range given in the previous question includes ceremony and reception, planning tips, help with event design which includes an inspiration board and custom quotes on flowers and decor, tables and chairs for both the ceremony and reception, use of the bridal suite and grooms room, catering, and a bar of some sort (either cash or partial open). The average couple chooses one or more of our optional additional services; DJ service, floral service, decorating and/or coordinating services.

What Services Do You Offer? We offer most everything you will need except photography.

Do I have to choose all of your services? No You do not, the only 2 services that have to come through is the catering and the bar. Most of our couples do choose, most of our services, because of quality and convenience but it is not mandatory.

How much does catering cost? Catering starts at \$12.95 per person for a full meal and it starts at around \$9.00 per person for light appetizers.

Do you have a bar minimum? We do not have a bar minimum. We will work with you to find out what is best for you and your guests.
