

## Wedding & Reception Venue Options

We have packages for both wedding and reception that offer differing services. Our rates range from \$5,000 to \$6,500 (plus food) based on the services you would like. Are you thinking of an all-out wedding and reception, or a short and sweet type event? We like to get to know our couples, their likes, and dislikes, so that we can create a wedding that is totally you.
