# Hi, I'm Greta!

Owner of Turnstone Farm & Lead Floral Designer

I'm so excited to have you inquiring about flowers. I can't wait to meet you!

When I'm not in my flower garden, you will find me obsessing over my wedding client's floral arrangements.

As a farmer, I know the true value of flowers. From seed to bloom, growing flowers is a labor of love and I am overjoyed to share this love with you on your special day.

When I can't source flowers from my tiny urban farm I am strongly committed to sourcing additional flowers from other Alaskan and American farmers.

Local is the most beautiful option!

In addition to my beautiful blooming business I am celebrating 10 years of marriage, raising 2 awesome, adventurous and busy kids, training for another marathon and tending our backyard veggie garden.
