

A romantic wedding scene at sunset. A bride and groom are sitting in a boat, surrounded by a large arrangement of white and pink roses and greenery. The bride is wearing a white off-the-shoulder wedding dress, and the groom is wearing a light grey suit with a pink tie. They are both smiling and looking at each other. The background shows a calm body of water reflecting the golden light of the setting sun, with trees and a grassy field in the distance.

CHRISTIE

HEIMBACH

HEY THERE! I'M CHRISTIE!

And I'm truly thrilled to be hitting your inbox today. You're about to embark on such an exciting journey- planning a day to celebrate your love and commitment. I'm here to make sure nothing goes undocumented and to help you create a stress free day.

I've been a wedding photographer since 2016, and have photographed over 250 couples as they shared their vows with one another. I've received The Couples Choice Award for both The Knot and Wedding Wire, and have been featured in multiple publications as one of the Top Ten wedding photographers in central PA.

One thing I'm incredibly passionate about is being an inclusive photographer. I don't tolerate prejudice in any form, and eagerly welcome people from all walks of life into my studio.

My clients in particular are looking for a safe space for intimacy and laughter, a place where they can just be themselves. They get pumped about unposed and candid moments and put their trust in my creative vision. They want a gallery that is filled to the brim with emotion, and unique imagery that will withstand the test of time.

And if you're like a good 50% of my couples, you'll likely be thinking, "ughhh, but we're so awkward in front of a camera. How are we going to get these authentic and beautiful photos you speak of?" Trust me, friends. I have a process that is designed to take your mind off of me, and put your focus right back on the moment with your love. And when you get your images, you'll feel ALL THE FEELS of that moment all over again.

Excited yet?! Meet me on the next page!

THIS IS THE PAGE WHERE I LET YOU JUDGE MY HOBBIES AND INTERESTS...

If you've been following me for awhile, you probably know that I LOVE Chipotle. It's my favorite food. But this past year, so many couples tipped me with gift cards from Chipotle that I now have over \$500 worth to eat. Needless to say, I've taken off most references to Chipotle on my socials because I can't keep up!

I'm a bonus mom to two rambunctious boys, partner to my professional magician boyfriend, Eddie (yes, that's real haha), and puppy mama to my dream dog, a pomsky named Raptor.

The weirdest and funniest thing I've bonded over with a potential client was that we both had Legolas (the elf from Lord Of The Rings) cardboard cutouts in our room during middle school. Thank goodness she ended up booking me, because I don't know if I could have lived that down without her support!

The coolest bucket list experience I've checked off my list was swimming with otters. I pretty much cried the entire time.

My guilty pleasure TV shows are The Bachelor and Survivor. But I'm relatively well rounded because I also loved Breaking Bad and Money Heist. You're not judging me yet, right?!

I started a nonprofit when I was 19 years old that focuses on sustainable sources of nutrition for children in Zimbabwe. We also work with churches and schools to make sure students are educated on cultural competencies and the history of colonialism before choosing to do service abroad. I'm incredibly passionate about this work, and it's where I spend my time when not doing photography.

TESTIMONIALS

Christie and I clicked right away on our first phone call together and she eased all of my anxiety that I had. We had our engagement shoot shortly after and I was blown away not only by the beauty of the pictures she took but by the way she helped my husband and I relax and feel comfortable in front of the camera. Fast forward to our wedding day this past September. I remember being so excited for her to arrive at our venue and I kept telling everyone all about her and how much they'd love her. I felt such a sense of relief when she arrived because I knew how her presence made me feel so comfortable on such a crazy day. Christie was with us all day and her energy never once faded. She was truly on a mission to get the best pictures and did it with a smile on her face the entire time.

Not only was she our photographer but she helped facilitate the evening as well. During our cake cutting, we had no idea what we were supposed to do, and Christie was right there to walk us through it. We did sunset pictures across the street and then a private last dance at the end of the night both of which Christie got some amazing pictures of. We received our sneak peak pictures after we got home from our honeymoon and it was such a great surprise. I was STUNNED when I saw them. I was so blown away by all the moments that she captured that day. You're so busy on your wedding, you have no chance to absorb the beauty of the day so seeing it in her pictures was such an amazing feeling. Without any doubt, Christie was the best choice we made when planning our wedding. I have nothing but amazing things to say about her and will forever recommend her to anyone looking for a photographer.

TESTIMONIALS

After one phone call, this talented artist blew new life into our wedding plans and revitalized what was initially seeming like such a sad turn of events. Although the 250 guest wedding we had planned for was still postponed, my fiancé and I were still married in a deeply intimate and evermore beautiful ceremony in the midst of an apple orchard before our immediate family and pastor. No moment in our life has ever been so sacred, and only through the raw talent of Christie did such a sacred moment get so perfectly captured. Being in front of a camera was something that my fiancé and I were very uncomfortable with and had made it clear to Christie. However, there was some spark in this woman's heart that brought forward a newfound comfortability in us.

She made us feel safe and unjudged, she created the perfect moments for us to naturally feel the intimate love that we had as if we were alone in the orchard, and in those moments, Christie created magic.

More than photography, more than documentation, more than art even. It was magic. We have never felt more in love than in those moments, and never felt so perfectly encapsulated before in our life then the moment Christie sent us some sneak peaks of the photos from those moments. Not only were we immensely thankful that the talents of Christie were present with us that day to capture a holy moment, but we are so thankful to have someone of her heart and soul present with us for the most intimate moment of our lives.

FREQUENTLY ASKED QUESTIONS

CAN I MAKE ANY SUBSTITUTIONS TO THE ABOVE COLLECTIONS?

Each of my above collections has been curated based on years of learning how to best serve my clients. However, I know every couple has their own unique needs. Therefore, I'm happy to chat about designing a custom package for you! For example, if you can't make an engagement session work, I'm happy to exchange that time for an additional hour at your wedding. If you have a different substitution in mind, please don't hesitate to ask!

I'M READY TO BOOK! WHAT'S THE NEXT PART OF THE PROCESS?!

I'll write up a contract. Once you sign that and send me a 30% deposit, you are officially in my calendar. Your date isn't held until I receive that deposit. Then, I send you my engagement shoot calendar, and we'll choose a time to get together. For people who book an associate, I will directly put you in touch so you can come up with a date together.

WHAT IS YOUR BACKUP SYSTEM FOR OUR PHOTOS?

We shoot on cameras with dual card slots so your images are always captured in two places at once. When we get home from your wedding, we back up the photos on two hard drives, and the cards aren't deleted until you've received your gallery. We also show up to every wedding with backup gear in order to circumvent any problem that could arise. One of the best parts of having an associate team is the extra security in having a day of photographer as well. If any emergency were to happen the day of your wedding where your photographer couldn't show up, we have people we can pull from to ensure your day goes off without a hitch! (Is this still a phrase that people use or am I just getting old?)

HOW FAR DO YOU TRAVEL FOR A WEDDING AND ARE THERE ANY ADDITIONAL FEES?

I'll go wherever your wedding will take me! Most of my weddings are in PA, NJ, DE, and MD, but we're very willing to travel for your big day. The first hour of travel is included (both ways), with additional miles at .50 each. When weddings are further than two hours from our starting location, a night of accommodation must also be included.

Meet the Team

WHAT IS THE ASSOCIATE PROCESS?

Although my name is at the forefront of my brand, I actually have four amazing team members who work underneath me. Each of these photographers have been trained by me in posing, lighting, and client service, and have dozens and dozens of weddings under their belt. Our process involves your initial consultation where you'll be placed with a photographer that most matches your personality and needs, followed by your complimentary engagement session where you'll get to know your associate. Then, I'll advise on scheduling and the wedding timeline, they'll shoot the wedding, and I'll edit the photos so it remains consistent with the brand you see online.

WHY SHOULD I HIRE AN ASSOCIATE? HOW DOES THIS BENEFIT ME?

Support and creativity! Hiring an associate photographer means you have twice as many people to support you in the process, which means more energy, more creative input, and more availability during the busiest seasons. We're also super passionate about matching your vibe with the person who is the very best fit (we have a big range of talents and personalities on our team). Additionally, hiring an associate is a good way to save a few hundred dollars during wedding planning!

CAN I STILL GET TWO PHOTOGRAPHERS WHEN BOOKING AN ASSOCIATE PACKAGE?

Absolutely! We have a large team of second shooters available as well to help your day run smoothly and get as many photos as possible!

WHAT IS THE PROPER ETIQUETTE WHEN HIRING AN ASSOCIATE?

I'll be your main point of contact up until the week before the wedding, and then they'll step in to make sure you're taken care of if you have any last minute questions. If you choose to tip, that can go directly to them at your wedding.

If you choose to write a review, we will send you all of the review links under Christie Heimbach Photography, and you're welcome to mention their name in whatever you write up.

THANK YOU!

A few months ago I took a survey on my Instagram stories for what to call myself because "hype girl" and "your biggest cheerleader" felt a little too overused and not entirely me. When a client offered "confidence curator," I immediately latched on. That is what I'm excited to be for you during this next part of your journey. I want to give you the tools you need to effortlessly enter your wedding day, filled with joy, relaxation, and a profound confidence.

"From the first moment you speak with Christie she makes you feel like her best friend and this unbelievable kindness only grows throughout the process. She is one of the most genuine, giving and comforting people I've ever met and on your wedding day she makes sure you feel like the entire world revolves around you and your partner. She takes the time to get to know you both and then invests incredible amounts of time and talent into ensuring your wedding photos are exactly what you envisioned.
