(uses data from multiple columns)

This spreadsheet is for estimating and calculating your flower budget only. We create custom floral designs and can help you choose flowers to enhance your special day. Your actual costs will be determined by the flowers you choose, the time of year your wedding takes place, the size of the bouquets and other factors. This spreadsheet is meant solely as an overview based on average prices. Sales tax, deliveries, and set up charges are not included in this estimator spreadsheet.
