Over the years, I have learned more than I would have ever imagined about not just photography, but how to plan a great wedding! I am so thrilled to be equipped with this knowledge that I can share with you as we plan your big day. I will help you through the process of creating a timeline for your wedding day. I have many connections with Hair/Makeup Artists, Videographers and Venues I can recommend. I also have built up a small 'details box' of items to help level up your images. I want to bring my experience into helping your wedding day go smoothly.
