ABOUT

Welcome, friend! I'm so happy you're here, and I can't wait to learn more about you and your fiancé!

We're a team of three badass female photographers, two awesome videographers, and a whole bunch of pet mascots.

Together, we specialize in vibrant, authentic storytelling throughout your day. Our goal is to create an immersive, beautiful set of photos for you that will bring you right back to the magic of your wedding - for decades to come.

YOUR WEDDING

This is the day you have been planning for and dreaming of. Your favorite people in the world are gathering, the dance floor is waiting, the champagne is chilled. Every little detail has been tended to, and now it's time to walk down the aisle and join forces with your one true love. You will remember these moments for the rest of your life; the family, the friends, the cake, the music, the tears and the laughter. You deserve to have this beautiful experience thoughtfully documented as you share the story of your wedding with family and friends in the decades to come.

ENGAGEMENT SESSIONS

You are at the end of one important life phase and about to embark on a new and meaningful chapter together. You haven't walked down the aisle yet, but you're on your way. These are the private and precious moments when it's still just the two of you preparing for the adventure ahead. Engagement sessions are a wonderful way to celebrate who you are as a couple and reflect on your unique love story before your friends and family gather to celebrate with you. It's also a fantastic opportunity to get to know your photographer and become comfortable in front of the camera so that when the day of your wedding arrives, you are carefree and confident.

WALL ART

Would you like to be surrounded by photographs of the people you love when you walk into your home? Professional wall art serves as a beautiful visual reminder of the most significant people and meaningful moments of your life. Not only is wall art gorgeous to look at, but each piece of art carries a story, a memory, a moment in the history of your lives together. What better way to celebrate your home than to be surrounded by the people who make your life so sweet!

SIGNING BOOKS

Once you enjoy your engagement session, you can have your photographs bound into a beautiful book for your guests to sign on your wedding day. This gives your family and friends the opportunity to share with you their love, reflections and well wishes. It's a book of personal love letters from your favorite people just for you!

CARDS

You've just finished your very first professional portrait as a couple! Choose the finest printing available for your save-the-date and thank you cards. We will custom-design a card that fits your own personal style.

CAPTURING THE STORY OF YOUR DAY

When you hire a professional photographer for your wedding, you are not only hiring someone to take pretty pictures but also a person who is a storyteller. A professional photographer takes the time to really listen to you and your love story. They will know the people and moments that are most important to capture on your wedding day and will take gentle care to create an atmosphere where your story can unfold. Always in the background, observing and guiding, a professional photographer documents your story in such a way that when you see your photographs you will be able to truly relive the beautiful and unique story of your wedding day.

ALBUMS

What would it feel like to hold a custom made wedding album in your hands that tells the story of your wedding day? What would it mean to share this story with your children and grandchildren?

Digital files disintegrate over time, and individual photographs do not have the capacity to tell a story the way your custom-made wedding album can. These heirloom pieces are the beginning of your legacy and allow you to bring your love story to life through print for yourselves and for generations to come.

ENGAGEMENT SESSIONS

Your world is full of possibility and opportunity, and an amazing journey is ahead of you. An engagement session is the perfect time to connect in the midst of the wedding planning craziness: laugh together, take a walk through a beautiful location, and have some gorgeous art to hang on your walls.

Engagement sessions are also a great chance for us to connect. By the end of the session, you'll be so relaxed in front of the camera, that you won't even notice me on your wedding day.

The best time to book a photographer is right after you book your venue. You want to get comfortable with your photographer and allow time to have a conversation about your vision and specific needs for your photography.

W E D D I N G

This is the day! Think of us as extra bridesmaids - with cameras ;) We are here to calm you and take care of you. We'll capture your day, your story, your life. Whether your friends and family view your photos in a month - or 50 years from now - they'll see your entire story.

E N G A G E M E N T

It's a good idea to get your engagement session booked right away; it's a wonderful opportunity for you to get comfortable in front of a camera. Think of this as a trial run, with the end result being gorgeous photographs of the two of you leading up to your big day.

Congratulations! You'll have a sneak peek within 48 hours of your wedding, so you can share your excitement right away. After returning from your honeymoon, we'll get together for your image premiere and album design. After your approval, your fine art album and any wall art will be available in 2-3 weeks.

Engagement prints are timeless. Unlike your wedding photographs that tell a complete story with all your family and friends, these are more intimate, documenting just the two of you before your big day. This gives you a chance to spend time together, embracing the excitement of what's to come.

*Timeless, elegant...we are
thrilled with our photos!*
