

The Flower Mama is thrilled to introduce you to our flower truck, a beautiful 1959 Volkswagen we've named Rosebud. She's available to rent for a build-your-own-bouquet station or to provide a festive backdrop. She'll fit in anywhere: wedding proposals, bachelorette parties, bridal showers, and weddings.

Looking to add something unique to your event? Well, you've found it.

Private Events:

Rosebud is the perfect addition for bridal showers and bachelorette parties—it's an activity your attendees will never forget.

Our \$1,200 fee covers truck rental for 2 hours (plus 30 minute setup), an on-site floral attendant, and—most importantly—an Instagram-worthy bouquet bar for up to 40 guests. For every additional group of 20 people, the price per head drops from \$20 to \$15 (though the size and quality of the bouquets will not change).

Attendees can pick and choose flowers from our fully stocked truck, with our floral attendant providing guidance on building the perfect bouquets. We are also happy to work with you on including your personalized event signage.

Like our wedding options, there are options to rent the truck with pre-made bouquet favors for your guests. This rental fee would include the favors (depending on headcount) and truck rental fee. Please reach out re: pricing.

Weddings:

Let us be your something old or borrowed! We have two ways to use Rosebud for local weddings:

1. Rent the flower truck *without* the flowers and use it as a cute backdrop for photos (\$250 an hour, minimum 2 hours). We will drive to your wedding venue and pick the truck back up after your session is over. Please note: Rosebud is an older gal, so we like to keep her within a 15-mile radius of Elkins Park.

2. Want the flowers, too? After we fill the truck with florals, guests can take home an unforgettable favor from our bouquet bar. You can let guests create their own bouquets or have us arrive with pre-arranged bouquets on the truck. Prices start at \$1,500 depending on guest count.

Option #1: Pre-made bouquets by The Flower Mama include 4 to 5 flowers, wrapped in kraft paper and twine. Bouquets are displayed beautifully on the back of our truck, providing the perfect photo op. Prices increase as guest count increases. Our truck-rental fee is discounted for wedding parties that choose a floral option (\$150 an hour in addition to favors).

\$2,000 for 100 bouquet favors

\$3,000 for 150 bouquet favors

Option #2: At our bouquet bar, guests can create their own petite bouquet favor to take home. This option includes an on-site attendant for the duration of the rental. The attendant will help guests make their bouquets and wrap each one in kraft paper and twine. Prices increase as guest count increases. Our truck-rental fee is discounted for wedding parties that choose a floral option (\$150 an hour in addition to favors). We recommend this option during the cocktail hour portion of the evening.

\$2,200 for 100 bouquet favors

\$3,300 for 150 bouquet favors

Option #3: Looking for a lovely backdrop for your guest photos? Rent the truck with its cab filled with flowers. (This option is for photo opportunities only: no bouquets, no floral attendant on site.) The truck rental fee is \$250 an hour (minimum 2 hours) and an additional \$500 covers the cost of flowers. The truck will be picked back up at agreed upon time.

Wedding proposal:

Looking for a memorable way to pop the question? We have the perfect surprise for your proposal!

For \$400, we will fill the truck with flowers and park it at the location of your choice. After they say “yes,” the love of your life can create their own bouquet. Bring your own photographer to capture the moment, or we can help arrange one for you. (And once you’re planning the wedding, consider having Rosebud at your reception for your guests to enjoy too!)
