# WELCOME

The Flower House is a non-retail Floral and Event Design Company located in the heart of Livermore Valley's Wine Country servicing most of Northern California.

As the Mother/Daughter Team of The Flower House, we focus on our passion for Weddings and Events. With each new wedding we create, our team of professionals combine a contemporary approach with our extensive industry experience.

Balancing a hands-on style of design, we strive to maintain focus of translating each couple's style into the final result. This is why you will see many different styles of floral designs on our website and social media. We match the flowers to your personality whether it be formal, garden or bohemian.

We invite you to make a Zoom Appointment, Tuesday through Saturday from 10:00 AM-5:00 PM, to discuss every aspect of your dream wedding or event.

# ABOUT THE DESIGNERS

Jinger- I became a wedding planner and enjoyed creating Romantic Moments for couples for several years. I was working with a couple with the Flower House and the owner asked if I knew anyone that would be a great assistant to her? I joined the company in May of 2005 and by October of 2005 I was the new owner of The Flower House. I believe it was Divine Intervention. I am not a florist that loves organic material, that is earthy, smelling and appreciating every single bloom - I am a creator of wedding dreams. I love helping couples pulling ideas together, finding their style and focused on making something just for them.

Michaela- I joined The Flower House full time in 2018. I grew up in the wedding industry, knowing the venues, vendors and seeing all the joy and beauty from our brides so I decided to follow my passion of creativity with flowers. I am the one that appreciates every bloom. I love creating magic with my hands by putting together the perfect centerpiece, altar etc.

We spend all day laughing, designing and pushing each other to make each wedding exceptional.

# THOSE FINAL DETAILS

We believe that the creation of any Floral Design is symbiotic with the creation of the overall Event Design. The look and feel you desire for your event is only truly achieved when the selection process coordinates with the Linens, Rentals, Lighting and personality of your venue.

Our Event Design Services will create your full vision from selecting your linens, chairs and related rentals to floor plan layouts and lighting designs. Working with other prominent vendors on a regular basis gives us the opportunity and the freedom to create outside of the box thinking for each and every client. Whether the overall appeal of an event may be modern, chic, vintage romance, classic, edgy, rustic or an eclectic mix of organic elements we consider every aspect with meticulous focus on the details of design.

## Down to the Basics

We will make suggestions on the linens, chairs and lighting with every floral consultation and begin a communication with the rentals companies at no cost to you. It is important to make sure every event is well thought out and completes the story of your vision. The shoes should match the dress.
