

EXTREME STRINGS ELECTRIC VIOLINS

All of our packages are customized to exactly what you need. We want you to have everything you've dreamed of - and need - but not pay any more than you must to get it.

ONE OF A KIND IDEAS AND SOLUTIONS FOR YOUR CEREMONY

Our standard performance includes:

30 minutes of prelude music as the guests arrive to set a nice tone to the event.

PLUS: Music for the entrance of the Mom's – if you choose to do this.

The Processional(s) – which can be split up with the Wedding Party entering to one selection and the Bride/Groom walking in to a separate piece for a more dramatic, grander entrance.

Selections during the service – such as during a Unity Candle Lighting or other special moments during the service. The Recessional – when the two of you march back up the aisle and off into the sunset. One or Two Postlude pieces as the guests leave.

PLANNING HELP

This package also includes advance consultation with the Group Leader/Performer to discuss music and go over all the details so you won't have to think about them.

Yes, we can play at two different locations. For example, we can perform for a ceremony at a church or synagogue and then move to the reception venue to play a Cocktail Hour and Dinner. There would be a small charge for the time between - but we are so worth it.

Fees vary based on the day of the week and time of the year.

All quotes are for local venues. A modest travel charge may be added for other locations.

There are no additional set-up or tear-down fees and there is no tax on our services.
