Twin Silos also takes care of all your bar service needs. Please see our website for packages and pricing.

Everything else (linens, table settings, food, etc.) is provided by the caterer. We use "Partyman Catering" as our preferred caterer. They are an experienced full-service caterer with great references and all required licenses and insurance. They can easily scale their service up or down to your specific needs and price range. If you are unable to agree on a custom package, then you may use another full-service caterer of your choice.

If you are interested in further information, the best thing would be to come out and take a tour of the barn and we can answer any other questions you may have in detail. We look forward to meeting you and working with you to make your special day perfect!
