## Let's Party

---

We are honored that you are considering us for your special day! It is our mission to bring your vision to life and we guide you on your journey every step of the way!

We communicate everything you should expect throughout your process to ensure there are no surprises down the line.

### 01 **What to expect to pay throughout the event process:**

- Venue Fee
- Production Fee
- Damage Deposit
- Service and Gratuity Fee
- Tax

### 02 **Pricing, Packages, and Flexibility**

Venue pricing is shown in 3 categories: **Sunrise, Sunset, and Full Day**. These pricing differ depending on the event date. Along with the Venue Fee client must meet a **Production Minimum**, often referred to as a "Catering Minimum" the Production Minimum is a minimum dollar amount for production services added. This can be met with anything from staffing, tabletop rentals, AV equipment, catering & more. Us at The Eligon strive to give our clients the flexibility to have the event they dream of- our production minimum gives our clients the flexibility to choose and customize the services they would like to add.

### **Quality**

We have a passion for creating long lasting memories and unique celebrations! We have tried to think of every way we could help make your day as special as can be and offer services to make your life easier. We include services within our venue fee's to add a special touch!
