our philosophy

Congratulations on your engagement! Planning a wedding takes time, patience, and a little creativity – but all the hard work will result in a day you will remember and cherish for the rest of your lives.

At Love & Lenses, we strive to capture the joy, happiness and elation of your wedding day. With a photojournalistic approach, we aim to be as unobtrusive as possible when it comes to your wedding day so you can truly be in the moment.

We believe wedding photography is an art. Seeing everything without being seen, while creatively capturing all the memorable moments of a wedding day. After all, it's one of the few parts of the day that will still be with you in 20 years.

PHOTOGRAPHY IS OUR LOVE & CAREER

We're here to perfectly document your stunning wedding day, to help you and your family remember everything that happens on your special day that will help define the rest of your lives together.

THAT'S OUR PROMISE

frequently asked questions

How long does it take to get our images?

Online galleries and digital files are ready within 8 weeks of the wedding date. The final due date will be in your contract for easy reference.

How many images will we get?

The number of photographs taken depends on many things – the number of guests, hours of coverage, types of events. From a typical 10 hour wedding you should expect no less than 800 images, but usually the number is much higher.

Do you come to the rehearsal?

Yes! In 2016, we started attending the rehearsal as part of our wedding coverage. By doing so, we get to know all the VIP's ahead of time and know exactly how the ceremony will go. Attending the rehearsal does not include photographing it, unless paid separately. For more information on including photographic coverage of your rehearsal and dinner, just reach out!

Will you hold the date for me?

To be fair to everyone, we can not hold the date or pencil you in without a deposit and signed contract. However, once your deposit and signed contract are in, the date is yours and yours alone!

Do you refund deposits on cancellations?

The deposit is non-refundable with very few exceptions. The deposit guarantees that we will hold the date exclusively for you. Once you've signed the contract we do turn down all other commissions for that date. However, we have recently updated our protocols and contracts to reflect current global concerns regarding COVID-19 and date changes/cancellations. To discuss this policy further, just reach out!

What are digital files?

A digital file is the full resolution JPEG file without our watermark. Having the digital files allows you to print photos at your preferred location (though we highly recommend MPix.com for best results). You may share these files with friends and family for them to print as well.

When there is a specific number of digital files included (such as the engagement sessions for The Essential and The Deluxe packages), you choose your favorite number of images right in your gallery and use a special coupon code to download them. You can also purchase additional files right through your gallery! When all files are included (as in The Deluxe packages), your online gallery will be "unlocked" to allow downloading of any and all images without a coupon code.
