

Anya Hinkle and Tellico are a fine product of Asheville NC's thriving roots music scene, its members well schooled in traditional Appalachian music but with an unbridled organic Americana sound. For weddings and private events, Tellico plays original, bluegrass and old-time material as well as country, swing, folk, blues and rock and roll covers, providing a mountain-inspired soundtrack for area celebrations. Their sound perfectly complements the mountain setting of area events while still appealing to a wide audience and varying musical tastes.

We have some images of our work at weddings and private events on our website (<https://anyahinkle.com/weddings-events>), and many reviews of our services at <https://www.weddingwire.com/biz/tellico-asheville/a2cfd86855dcd8fd.html>.
