Welcome

TO CYNTHIA DALENE PHOTOGRAPHY

My name is Cynthia! I am a Wichita native, a wife, and mom of four! Some of my favorite hobbies include singing, crafting, decorating, organizing, playing games and hanging out with family and friends!

Some fun facts that you may not know about me:

- >> I have a degree in Journalism with a minor in music
- >> I am an ENFJ and 7 wing 8 on the Enneagram!
- >> I am a sucker for Cappuccino Chunky Chocolate Ice Cream
- >> My favorite places to vacation are Colorado and Tennessee
- >> My favorite colors are teal and pink
- >> I kill most live plants

In 2010, I started photographing a few friends and family as a side business. As the years went on and I felt more experienced, I began to take on a few weddings each year. I quickly became in love. Now, I am honored to have captured over 100 joyous celebrations to date.

Choosing a photographer is a big deal. You are trusting someone with the greatest day of your life. That means you want to choose someone who will help you feel at ease every step of the way; who wants to carefully capture every part of your story; and someone who will take care of you like a friend.

One of my favorite mottos and verses is "Treat others how you want to be treated." I try my best everyday to treat everyone with kindness and love. That means on your wedding day, you can expect that I will truly have your best interest at heart, and do everything I can to make your day smooth and successful.

When delivering your gallery, you will receive your photos edited in a true to color, modern style. I want you to look back on your artful images 40-50 years down the road and FEEL the passion you have for each other all over again.

I am so excited for you, and am here to root you on every step of the way!

LET'S TALK ENGAGEMENT SESSION

Do we have to do the engagement session?

It is not required but I highly recommend it! Not only does it capture this fun season of yours and give you beautiful images to use for multiple purposes, but it gives us the perfect opportunity to get to know each other before the big day.

When should we schedule the engagement session?

We can set up your engagement session as soon as you book! If you are hoping for spring or fall photos, it's best to set it up ASAP as those are busier seasons.

What if one or both of us aren't good at taking pictures?

You won't believe how many times I have heard a bride tell me this! But guess what? All you need to do is be yourselves and let me guide you. We are going to have FUN and I will show you just how gorgeous you are.

What do we wear?

I usually recommend 1-2 outfits. Most couples like to do one that is dressier and one that is casual/more themselves. Coordinate colors, search Pinterest and text me if you need any help choosing outfits!

What location should we choose?

If you don't have a special spot that sticks out to you, I have a long list of location ideas that I am happy to send you. I suggest choosing a location that you both will feel comfortable in.

How soon will we get our images back?

You will get your engagement gallery within two weeks of your session!

How much is an engagement session?

If you choose a package, the engagement session is complimentary! Otherwise they are \$350 an hour.

YOUR WEDDING DAY COVERAGE

WHAT WE CATCH ON YOUR BIG DAY

Details

We start the day by photographing your beautiful details. You spent good money and time arranging for the perfect bouquet, shoes, jewelry, invitations, cuff links, etc. I want to photograph those details as part of your story.

Getting Ready

Next comes your getting ready shots. The moments of your mom zipping up your dress, you spraying on your perfume, a cluster of excited bridesmaids ooo'ing and ahh'ing over you. And let's not forget the guys. We capture the men adjusting their ties, putting on boutineers and goofing off as they do!

First Look

A popular option now is doing a "First Look" before the ceremony. This allows you to see each other for the first time alone, exchange private vows if desired, and then do most of your formal portraits before the ceremony, which enables you get the party started faster! This option is totally up to you.

Portraits

Your formal portraits include your gorgeous bride and groom photos, your fun bridal party and family portraits. We like to do a mix of both posed and candid images for the bridal party. And we always have a list of family combinations so we can stay organized!

Ceremony and Reception

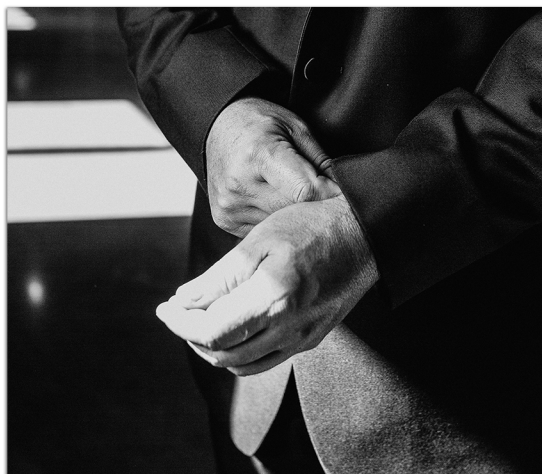

Of course, we document your entire wedding ceremony, complete with those big and small moments such as walking down the aisle, the groom's face (it's a favorite of ours to catch!), the dad handing you away, the exchange of rings and the big kiss. Then, we'll capture all the essentials at your reception including the cake cutting, first dances, toasts and all the heartfelt moments in between.

The Send Off

Depending on the package you choose, we may be able to capture your send off. You can either have the send off in between the ceremony and reception (for instance leaving the church to go to a reception venue), or at the very end of the night. We can talk more about this in our meeting too!

Extras

Aside from the usual events above, if there are other moments like a special grandmother picture or a prayer picture before the ceremony, please tell us and we will be sure to capture it!

TIPS AND TRICKS

AND A HANDY CHECKLIST TO KEEP YOU ORGANIZED!

1. Create a detailed timeline of your wedding day that includes when flowers are set to arrive, when people should arrive, when hair and makeup will get done, etc. Include exact times and locations. Share this timeline with everyone involved in your wedding, including your photographer.
2. Make a Wedding Day Emergency Kit. You'd be surprised at how many times I hear these things are needed! Things you might pack include: safety pins, scissors, tweezers, feminine products, hot glue gun, Tylenol, band-aids, hair pins, spot remover, breath mints, tissues and needle and thread.
3. Practice walking in your wedding day shoes to make sure they're comfortable enough to stand around in for your portraits and for the duration of your wedding. Pain is beauty, yes, but looking pained in a picture isn't worth the discomfort.
4. While getting ready, have some food, water, a fan, mirrors and music for everyone. Also, if you have matching robes, please let us get a picture of you all in them before you change!
5. Gather your details. The first thing that one of us will do is come grab your dress and accessories for detail shots! If you could have them all in a bag ready for us to take, that would be helpful! These include: shoes, veil, garter, both rings, necklace, bracelet and earrings. You can put your Maid of Honor in charge of this!
6. If you are going to be out in the sun before your wedding or tanning, make sure to wear sunscreen and avoid tan lines. Also mention this to your bridesmaids!
7. Whether you're doing your makeup yourself or having a makeup artist come in, do a trial run. This is especially important if you have sensitive skin.
8. Before your wedding day, have your coordinator or someone explain to you both how to cut the cake. It is always a new experience! The coordinator will make sure a knife, plate and fork are set at the cake table the day of.
9. Follow up with all your vendors a week before your wedding to make sure everything is in place and ready to go. Should anything be wrong (say, the florist only has you down for 4 bouquets instead of 5), this will provide plenty of time to fix the mistake.
10. Expect the unexpected. Sometimes things don't go as planned, and that's OK. In the long term, it's your outlook and attitude that makes for a brilliant, successful day.

"The g.o.a.t"

I never write reviews, but Cynthia deserves all the praise and I would never forgive myself if I didn't help the next gal out. She was accommodating, energetic and never missed a moment. She is fun and really knows how to capture who you are. Our engagement photos were A+, but our WEDDING photos are to die for. She provided hundreds of traditional and non-traditional photos for us to laugh and cry our way through. Can't speak highly enough of this very talented, always-thinks-outside-of-the-box individual. I'm done ranting, just do it! -- Jourdan L.

If I could give them 10 stars I would. Cynthia was amazingly sweet, professional, and prepared for basically anything I might need and any questions I might have. She and her mother were both fantastic fits for myself and my husband to feel comfortable in front of the cameras! I love every single picture they took (and there were a TON!); They are just fantastic and we definitely hope to use them again as we progress through our life and milestones. HIGHLY RECOMMEND!! – Jennifer

"Cynthia is such a talented photographer! She makes you feel so comfortable, really listens to what is important to you, and makes her photos look so light, airy, and beautiful. I would hands down recommend her!" – Sandra

"Cynthia is an AMAZING photographer. She somehow captured all of the emotion, joy and fun of our special day. You can tell she enjoys what she does and she is phenomenal at it! We LOVE our pictures!! She comes HIGHLY recommended!!" -- Amy

"There is nobody else we would have wanted to shoot our wedding! Our experience started with our engagement shoot at our wedding venue! She was so upbeat and energetic with wonderful ideas it made the session go so smoothly. I was sure my now husband would have ended up miserable by the end of the session, but she kept him entertained and he enjoyed himself, and that shows in our pictures!!" -- Jessica

"Cynthia is absolutely amazing! From her personality, professionalism, and talent for photography, we could not have asked for a better photographer for our big day. You can tell she loves what she does and it shows in her work. She was delightful to work with, as were her second shooters. They were all just genuinely nice people and it made taking our wedding photos so much fun!" – Alex

"I couldn't imagine a better photographer than Cynthia. All of our sessions have been extremely easy and flexible to schedule and the turnaround time for the pictures is great. During sessions, Cynthia has such a wonderful personality and level of patience with my ornery son; I am always actually having a blast in the pictures she captures. Our pictures turn out beautifully and always seem to capture our true expressions and goofiness."

*"Cynthia is a wonderful photographer whose professionalism and genuine care is unmatched. She is creative in her approach and always eager to incorporate the ideas of the client. I look forward to having her shoot photos for me Again soon!"
