

Our Services

Marquee Letter

Our 4ft light up marquee letters and numbers are the perfect addition to your celebrations decor. Light up the stage, dance floor or room with them. Our letters are available from A-Z and numbers 0-9. Put any of our letters and numbers together to make the perfect combo.

Audio Guestbook

Our vintage phones are an interactive alternative (or addition) to the traditional guest book. Hear the raw emotion in people's messages as they wish you well, describe the night, tell a funny story, or leave words of wisdom!

With this keepsake collection of messages, be transported back to your special day every time you press play.
