

We are honored and happy to assist you in making your special day memorable. In that, we offer affordable and fun wedding packages to help pop your day. This may include the first dance for couples, parent/child, groups, or any arrangement that you have in mind.

Iya will match a dance to a song, choreograph, go over music with you, and help pick a song or dance. This is arranged during the complementary first meeting.

Private wedding dance lessons are priced at \$90 per lesson. Buy a package of five in advance, the reduced price is \$85 per lesson.
