HOW THIS WORKS

1. Get in touch

Once I receive your inquiry, I'll do a happy dance then get to work on reading your details and wedding day needs.

2. We chat

Whether it be on the phone, over Zoom, or just good ol' email, a quick chat will help me get a better vision for your needs and wants for the day. Plus, I can answer any questions you may have.

We'll go over options together!

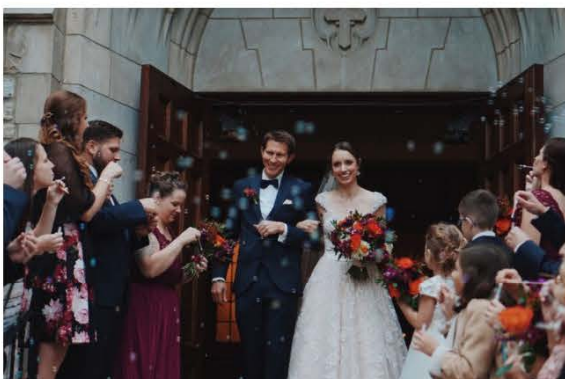

3. Choose your package

Select the package that best suits your wedding day desires. We reserve your wedding date and begin preparations!

4. Get excited

Now it's time for the fun stuff! We arrive your wedding day and film all the beautiful moments. Once the night has ended we spend the next several weeks crafting your film.

5. Receive your captured memories

Video delivery day is my favorite day! Your film is sent digitally for ease of access and for you to download and share as you please. I hope the video takes you back and makes you feel like you are reliving the best day of your life over and over again.
